

VIEW HEALTH - CHEMO@HOME

Infusion services in the comfort of your own home

WELCOME TO VIEW HEALTH - CHEMO@HOME

On behalf of the team at View Health - chemo@home, we would like to welcome you to our service. We are committed to providing exceptional, safe patient care and compassionate service to all our patients and their families.

We understand that this may be a difficult time for you and your family. We believe having your treatment in the comfort of your own home helps reduce worry and makes the experience easier.

Although our name includes the word “chemo”, our service administers a variety of infusions, including cancer therapies and infusions for chronic illnesses (such as multiple sclerosis, inflammatory bowel disease, rheumatoid arthritis, motor neurone disease and dementia). Our team works in close partnership with your Doctor to provide you with expert clinical care, safely in your own home or a place which is convenient for you.

We have a dedicated, highly experienced nursing and pharmacy team who will provide optimal, personalised care for you and your family.

The sections of this booklet have relevant information about our service and your treatment regimen. It is important that you are well-informed and comfortable in being actively involved in your care.

We encourage you to visit our website at **chemoathome.com.au**, where you will find additional information regarding the services we offer and our team. You can also follow us on Facebook (@chemoathomeoz) and Instagram (viewhealth_chemoathome).

Best wishes

Julie Adams and Lorna Cook
